

# HAT-TRICKS

(to and including the 2016/17 season)

In the 1880s, local press coverage of the club's matches was often much less than comprehensive and it is almost certain that there were some unreported hat-tricks in the early years. By the same token, in a few cases in the following list a player's tally is shown to be in doubt, owing to inadequate or conflicting reports.

Instances in Southern League, Football League and Football Association competitions in peacetime are in **red type**.
